2022-2023 Annual Report

May 17, 2023 (Approved)

Background

This report is a summary of the Regional Tripartite Housing Committee's (RTHC) activities during the year 2022-2023 as well as the main orientations that will guide its actions in 2023-2024.

The RTHC regroups representatives from the Assembly of First Nations Quebec-Labrador (AFNQL), Indigenous Services Canada (ISC) and Canada Mortgage and Housing Corporation (CMHC). The Committee is, in its current form, since 2005. Its mission is to make recommendations to the respective authorities of the three parties for the purpose of promoting housing conditions of First Nations members.

The RTHC activities are governed by a framework which provides for the holding of at least 3 meetings per year. The Committee identifies regional issues and ensures their monitoring with an action plan that is approved at the beginning of the year. The Committee counts on partnership, dissemination of information to First Nations communities and organizations, exchanges of views and networking to advance the files of mutual concern.

The Committee's last Action Plan covered a period of 2 years (2021-2023) and was integrated into the Regional Strategy, which itself stems from the engagement that began in 2017 as part of the housing and infrastructure reform. The Action Plan is made up of 3 components:

1. More skills and capacities at all levels, with innovation;
2. More funds and more financing options, with innovation;
3. More First Nations autonomy, with innovation.

A transitional year!

The year 2022-2023 marks the end of the Committee's second Action Plan since the development of the Regional Housing and Infrastructure Strategy. It is also a pivotal year as activities gradually resume their normal course after 2 years strongly marked by the restrictions imposed by the pandemic. This has had an impact on all spheres of society. The return to a "new normal" is a highlight of the past year.

The year 2023 coincides with a new version of the CRTL Action Plan. The Plan completed in March 2023 was drafted with the concern that its actions contribute to improving the resilience capacity of First Nations communities in Quebec with the aim of minimizing the impacts of events such as COVID-19. The new Plan that is beginning will continue in this line and in that of the continued implementation of the Regional Strategy on Housing and Infrastructure.

Key Achievements in 2022-2023

Regular Activities

Implementation of the Action Plan for 2021-2023.

Aboriginal *Housing Connection* Newsletter revamped with the inclusion of new sections: Success Stories and Partners' Information Capsules.

Important information posted by the RTHC on the AFNQL's website and dissemination to First Nations communities and organizations.

Dissemination of individual reports on the housing needs of each First Nation with the most recent data collected. <https://apnql.com/en/housing/>

Regional Tripartite Housing Committee (RTHC)

Collaboration in the holding of the regional meeting on housing, divided into two parts: virtually in May 2022, followed by a face-to-face meeting in September 2022.

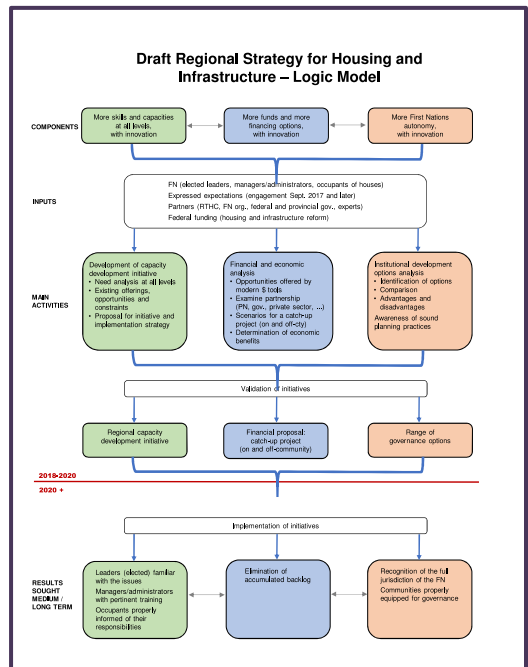

Increase in the subsidies allocated by the On-Reserves and Communities Housing Initiative of ISC following, in particular, the representations made by the partners at the RTHC table regarding the concerns expressed by the First Nations.

Strategic Actions

Collaborative strategy to further develop and implement the Regional Housing and Infrastructure Strategy.

- Partnership with the First Nations Adult Education School Council (FNAESC) in the development and implementation of the *Skills and Capacity* component of the Regional Strategy.
- Partnership with the First Nations of Quebec and Labrador Economic Development Commission (FNQLEDC) in the development of the *Funding and Financing* component of the Regional Strategy, which entered a second phase, which has entered a second phase with the establishment of a Center of Expertise in Financial Literacy and Housing.

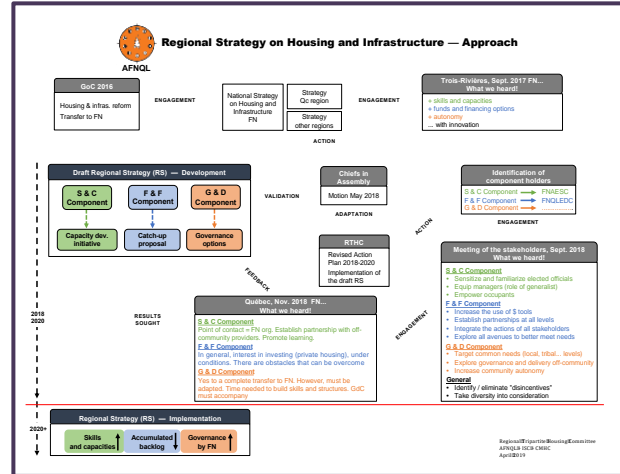

Regional Tripartite Housing Committee (RTHC)

Support Activities

Continuation of regional engagement.

Strengthening CMHC-ISC collaboration in construction, renovation and capacity building to better meet the needs of First Nations and optimize resources.

Collaboration with Organizations

Partnership with the First Nations Adult Education School Council (FNAESC) in the implementation of the training program for housing managers, the community of practice on housing (CoPH) and the Point of Contact in Housing (PoCH).

Partnership with tribal councils in the materialization of the pilot project for a housing technical resource group (HTRG).

Regional Tripartite Housing Committee (RTHC)

Partnership to support regional housing tables.

Partnership to collaborate with ABSCAN in the implementation of its strategic model.

Initiated discussions with the Community Housing Transformation Center (CHTC) aimed at increasing the housing supply.

Continuation of the discussion with the Unifor union in anticipation of a possible contribution in a significant project for the First Nations in Quebec in the field of housing and infrastructure. In November 2021, as part of the Grand Economic Circle of Indigenous People and Quebec, Unifor made a firm commitment to *"contribute concretely to the implementation of solutions to the thorny issue of the housing crisis raging in Aboriginal communities in Quebec."*

Key Orientations for the Year 2023-2024

The year 2023-2024 is the first of the period covered by the RTHC's new biennial Action Plan. In addition to regular activities, the following issues will be at the center of the RTHC's concerns.

Continued Implementation of the Regional Strategy Development Phase

Three major activities will unfold during the year:

- Continuation of the implementation of the capacity development initiative;
- Second phase of development of the Funding and Financing component with the establishment of a Center of Expertise in Financial Literacy and Housing (CEFLH);
- Institutional development options analysis based on progress on the other 2 components of the Strategy.

More skills and capacities at all levels with innovation

More funds and more financing options with innovation

More First Nations autonomy with innovation

The Committee will continue to define mandates, coordinate and follow up on them. He will report to its authorities and keep First Nations informed throughout the process.

Implementation of the Programs Related to the 2022 Federal Budget

Investir dans le logement abordable pour les communautés autochtones

L'accès à un logement sûr et abordable est essentiel en vue d'améliorer les résultats de santé et sociaux et d'assurer un avenir meilleur pour les communautés et les enfants autochtones. C'est la raison pour laquelle le gouvernement fédéral a engagé plus de 2,7 milliards de dollars pour soutenir le logement dans les communautés autochtones depuis 2015.

- Faisant fond sur ces investissements, le budget de 2022 propose de verser 4 milliards de dollars supplémentaires sur sept ans, à compter de 2022-2023, à Services aux Autochtones Canada et à Relations Couronne-Autochtones et Affaires du Nord Canada afin d'accélérer les travaux visant à combler les lacunes en matière de logement dans les communautés autochtones comme suit :
 - Un financement de 2,4 milliards de dollars sur cinq ans pour soutenir le logement des Premières Nations dans les réserves;
 - Un financement de 565 millions de dollars sur cinq ans pour soutenir le logement dans les communautés des Premières Nations autonomes et tribulaires de droits issus de traités modernes;
 - Un financement de 845 millions de dollars sur sept ans pour soutenir le logement dans les communautés inuites;
 - Un financement de 190 millions de dollars sur sept ans pour soutenir le logement dans les communautés métisses.

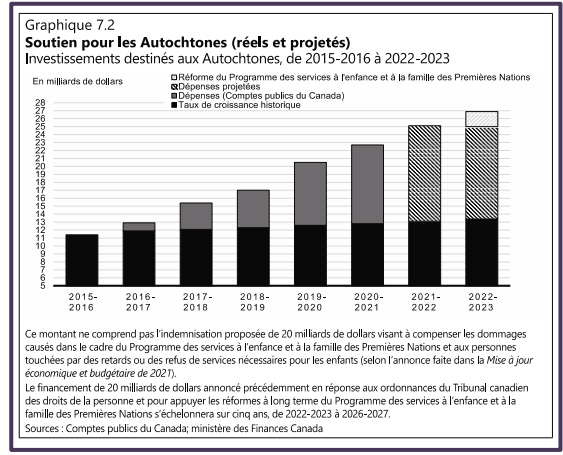

Le gouvernement s'attache également que les peuples autochtones, où qu'ils vivent, font face à des obstacles à l'accès à un logement abordable qui leur sont propres.

- Le budget de 2022 propose d'investir 300 millions de dollars sur cinq ans, à compter de 2022-2023, par l'intermédiaire de la Société canadienne d'hypothèques et de logement, afin d'établir conjointement et de mettre sur pied une stratégie de logement autochtone en milieu urbain, rural et métropolitain.

En plus de ces nouveaux investissements, le gouvernement fédéral affectera 2 milliards de dollars des 20 milliards de dollars prévus pour la réforme à long terme du Programme des services à l'enfance et à la famille des Premières Nations afin de répondre aux besoins en matière de logement des enfants des Premières Nations une fois qu'une entente de règlement définitive aura été conclue.

Ces mesures se traduiront par un financement combiné de 6,3 milliards de dollars sur sept ans pour l'amélioration et l'augmentation de l'offre de logements pour les Autochtones au Canada.

Additional pluriannual investments in housing were announced during the tabling of the 2022 Federal Budget. Details on their implementation are awaited. Collaboration in the implementation of programs resulting from the housing funds will continue. We will make sure that the information is well communicated to First Nations and organizations. The ground must also be constantly prepared for a possible reallocation of national funds. Such reallocations have taken place in

the past, and the region has been able to benefit from it because of, among other things, a well-established action plan.

Continuation of Initiatives Already Embarked Upon

The partnership will continue with the organizations involved in the implementation of projects aimed at building the capacities of First Nations in the area of housing.

- Training program for housing managers (attestation of collegial studies), Community of Practice in Housing (CoPH), and Point of Contact in Housing (PoCH).
- Pilot project for a housing technical resource group (HTRG).
- Regional housing tables.
- ABSCAN's initiatives.
- Lot development trust fund administered by ABSCAN.
- Commitment of the Unifor union in anticipation of a possible contribution in a significant project for the First Nations.
- Community Housing Transformation Center (CHTC) Internship Program.

The Committee will decide on its communications strategy for implementation later this year.

Annual Regional Meeting

The regional meeting on housing organized by the AFNQL will be held again in 2023-2024. Two stages are envisaged: virtual mode in September and in person in November.

Strategic Watch

The RTHC remains on the lookout for any development related to issues that might be of interest for the region, and will make any necessary recommendations (i.e.: the deployment of the 2022 Federal Budget (pluriannual investments) and its alignment with regional priorities, the evolution of the pandemic and its possible effects on housing issues specific to First Nations, housing reform, implementation of the Action Plan arising from the Deep Dive exercise on First Nations housing, the reallocation of national funds, increasing construction costs and housing insurance issues).

This report was adopted by the coordination members of the RTHC on May 17, 2023.
